

Life in a nursing home. For many of us, it's part of life's journey. The UHC Nursing Home Plan is here for you and your loved one. It's a specialized Medicare Advantage plan, designed for long term nursing home residents. And it helps give you the support you need and the care your loved one deserves. Our plan includes access to a dedicated care team who coordinates with your loved one's primary care provider and nursing home staff to help ensure everyone is on the same page. You can access information from the care team through our secure, easy to use online dashboard. You can connect to care updates anytime, right from your smartphone or computer. We also provide a hearing aid benefit, dental and vision coverage, credits to buy over the counter health products, transportation, and routine podiatry. Have a question about your loved one's care or how to collaborate with the care team? We have helpful resources that will help empower you to make informed decisions and feel confident about your loved one's care. To be eligible for the plan, your loved one must be enrolled in Original Medicare Parts A and B and be a long term resident of a participating nursing home. Contact us today so we can care for your loved one and for you.
